COURSE NAME: Integrated Learning: Health

Course Location: Daws

Pathway:

This entry level course enables students to examine the interrelationship of lifestyle, physical activity, social behaviour, health care, and health care systems. This life skills course assists students to understand issues related to personal health and wellbeing as a young adult.

Program Description:

Students examine the impact and interactions of health related issues between the individual, family and wider community. They will investigate the challenges of maintaining and promoting healthy environments and healthy living themes. Students learn to be proactive in promoting lifelong skills to improve health outcomes and quality of life for themselves.

SACE Credits: 20 Stage 1 Semester(s): Full Year
